MALTA

The Campuses

The main campus is situated at Msida. There are two other campuses. One is the Valletta campus which is housed in the Old University Building which dates back to the founding of the Collegium Melitense and incorporates the Aula Magna. The Valletta Campus also serves as a prestigious setting for the hosting of international conferences, seminars, short courses and summer schools. It is also the venue of the University's International Collaborative Masters Programme.

The other is the Gozo Campus on Malta's sister-island, Gozo, where part-time evening degree and diploma courses in various areas of study are offered. This campus also provides a venue for short courses and seminars and it houses the Guesten Atmospheric Research Centre, within the Physics Department.

About the University

The University of Malta is the highest teaching institution in Malta. There are over 11,500 students including over 600 international students from 82 different countries, following full-time or part-time degree and diploma courses, many of them run on the modular or credit system. The University regularly hosts a large number of Erasmus and other exchange students. A basic Foundation Studies Course enables international high school students who have completed their secondary or high school education overseas but who do not have the necessary entry requirements, to qualify for admission to an undergraduate degree course at the University of Malta.

The University is geared towards the infrastructural and industrial needs of the country so as to provide expertise in crucial fields. Well over 3,000 students graduate in various disciplines annually. The degree courses at the University are designed to produce highly qualified professionals, with experience of research, who will play key roles in industry, commerce and public affairs in general. There are a further 2,600 pre-tertiary students at the Junior College which is also managed by the University.

How to reach Msida Campus by bus

Attard	106	Msida	31, 238, 250, 260
Balzan	106	Mtarfa	182
Birgu	213	Naxxar	31, 238
