 ISBN 10: 07234-3457-3

Description: Very useful tool.

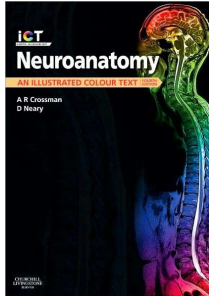

Neuroanatomy

Main recommended text:

Title:

❖ **Neuroanatomy**

Title Details:

Author/s: Alan R. Crossman, David Neary

Publisher/s: Churchill Livingstone / Elsevier

Edition: 4th

Date: May, 2010

ISBN 13: 978-07020-3086-4

ISBN 10: 07020-3086-4

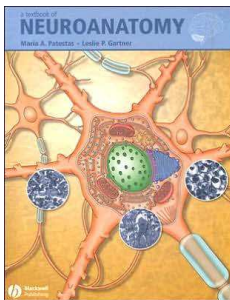

Description:

OR

(A more detailed textbook)

Title:

❖ **A Textbook of Neuroanatomy**

Title Details:

Author/s: Maria A. Patestas, Leslie P. Gartner

Publisher/s: Wiley, John & Sons, Incorporated

Edition: REV

Date: December, 2004

ISBN 13: 978-14051-0340-4

ISBN 10: 14051-0340-X

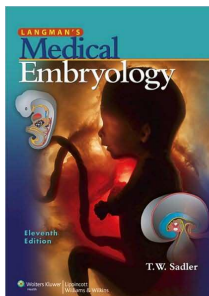

Description:

Embryology

Main Recommended Text:

Title:

❖ **Langman's Medical Embryology**

Title Details:

Author/s: Thomas W. Sadler, Jan Langman

Publisher/s: Lippincott Williams & Wilkins

Edition: 11th

Date: February, 2009

ISBN 13: 978-07817-9069-7

ISBN 10: 07817-9069-7

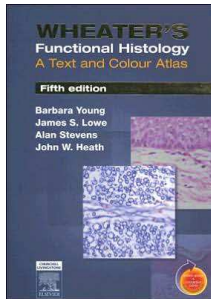

Description:

Histology

Main Recommended Text:

Title:

❖ **Wheater's Functional Histology**

Title Details:

Author/s: Barbara Young, Alan Stevens, John W. Heath, James S. Lowe

Publisher/s: Churchill Livingstone / Elsevier

Edition: 5th

Date: March, 2006

ISBN 13: 978-04430-6850-8

ISBN 10: 04430-6850-X

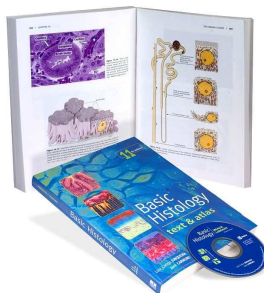

Description:

OR

A more detailed text is the following

Title:

❖ **Basic Histology**

Title Details:

Author/s: Luiz Junqueira, Jose Carneiro

Publisher/s: McGraw-Hill

Edition: Book & CD-ROM

Date: March, 2005

ISBN 13: 978-00714-4091-2

ISBN 10: 00714-40917

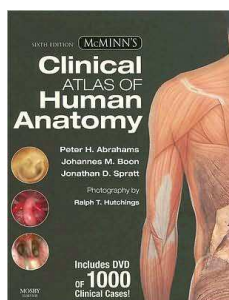

Description:

*The following books are **Optional**. Some are probably so useful they are worth buying whilst others may be worth referring to.*

Gross Anatomy Atlas - Strongly Recommended

Title:

➤ **McMinn's Clinical Atlas of Human Anatomy**

Title Details:

Author/s: Peter H. Abrahams, Jonathan D. Spratt, Johannes Boon

Publisher/s: Mosby / Elsevier

Edition: 6th

Date: December, 2007

ISBN 13: 978-03230-3605-4

ISBN 10: 03230-3605-8

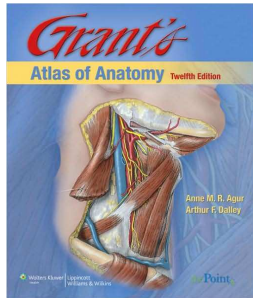

Description:

OR

Title:

➤ **Grant's Atlas of Anatomy**

Title Details:

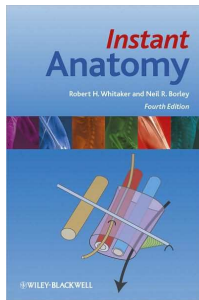

Author/s: Anne MR Agur, Arthur F Dalley
 Publisher/s: Wolters Kluwer / Lippincott Williams & Wilkins
 Edition: 12th
 Date: February, 2008
 ISBN 13: 978-07817-7055-2
 ISBN 10: 0781-77055-6

Description:

The following texts are useful for **Revision**

Title:

★ **Instant Anatomy**

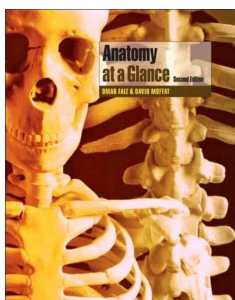

Title Details:

Author/s: Robert Whitaker, Neil R. Borley
 Publisher/s: Wiley, John & Sons, Incorporated
 Edition: 4th
 Date: May, 2010
 ISBN 13: 978-14051-9961-2
 ISBN 10: 14051-9961-X

Description:

Title:

★ **Anatomy at a Glance**

Title Details:

Author/s: Omar Faiz, David Moffat
 Publisher/s: Wiley, John & Sons, Incorporated
 Edition: 2nd
 Date: April, 2006
 ISBN 13: 978-14051-3348-7
 ISBN 10: 14051-3348-1

Description:

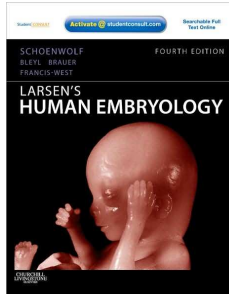

Embryology

Alternative Texts

Title:

★ **Larsen's Human Embryology**

Title Details:

Author/s: Gary C. Schoenwolf, Philippa H. Francis-West, Philip R. Brauer, Steven B. Bleyl

Publisher/s: Churchill Livingstone / Elsevier

Edition: 4th

Date: April, 2008

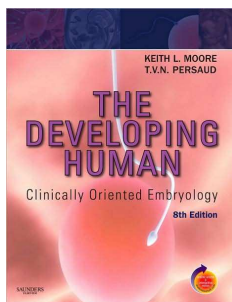

ISBN 13: 978-04430-6811-9

ISBN 10: 04430-6811-9

Description:

Title:

★ **The Developing Human: Clinically Oriented Embryology**

Title Details:

Author/s: Keith L Moore, TVN Persaud

Publisher/s: Saunders / Elsevier

Edition: 8th

Date: September, 2007

ISBN 13: 978-14160-3706-4

ISBN 10: 14160-3706-3

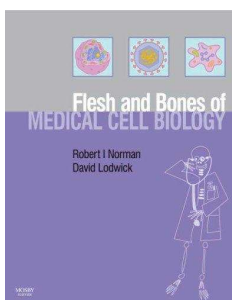

Description:

Cell Biology

The following textbook, which is concise and up to date, is recommended as the main text.

Title:

★ **Flesh and Bones of Medical Cell Biology**

Title Details:

Author/s: Robert I Norman, David Lodwick

Publisher/s: Mosby / Elsevier

Edition:

Date: July, 2007

ISBN 13: 978-07234-3367-5

ISBN 10: 07234-3367-4
