Switching Role to Student

The VLE provides a feature that allows tutors to temporarily view their VLE area content from a student perspective.

To switch role to a student:

1. In the Administration block, expand Switch role to... menu.
2. Click Student link.

To revert back to your original role, click the Return to my normal role link in the Administration block.

Known issue:

If you ‘Switch role to... Student’ while editing a hidden VLE area, and navigate outside the area before switching back to your Tutor role, the hidden VLE area will not be listed to you in the VLE homepage, because you remain considered as a student. You must return to the VLE area (using the browser’s ‘Back’ button) in order to be able to return to your Tutor role.
