AM Engineering Drawing  
May 2010 Session  
Examiners’ Report

Part 1: Statistical Information

The examination consists of two written papers, each of three hours duration. Each paper carries 100 marks and a candidate’s final result is determined by combining the scores obtained in Paper I and Paper II with equal weighting.

Three candidates registered for the examination but only one actually turned up for the examination. The grade awarded is given in Table 1.
