universitiesportsandleisure.com/shop or
www.snapartfoto.com (more items available online).

Relive your proudest moment over and over again.

Graduation is the culmination of your student years.

As you celebrate your achievement, we offer the opportunity to capture it for life.

As official photographer of these graduation ceremonies, SnapArt Photography will capture the moment of each graduate receiving his/her award and take a portrait photo immediately afterwards.

Graduates may also choose to have photos taken with family and friends in a digital studio. Discounted offers on photography services are available till 21 November, 2022. Visit www.snapartfoto.com/packages to book a photoshoot in our campus studios. Photos will be kept for a period of up to one year after graduation ceremonies.
