Over the two years, students are required to complete a total of 60 ECTS including the 36ECTS compulsory study-units. The study-units should be distributed as evenly as possible over the two years, but normally 36 ECTS in the first year and 24 ECTS in the second year, the reason being that fewer study-units in the second year will allow for more time for the dissertation. Nevertheless, it shall be in the discretion of the Board of Studies in which of the two years each of the compulsory study-units shall be offered.
