In view of the fact that part of the Assessment Component of the above listed study-units is based on these seminars, students are reminded that attendance to these seminars is strictly obligatory. If for any reason (other than sickness), students are unable to attend, a valid reason for absence is to be presented to the Dean’s secretary: Ms. Caryl Cassar on caryl.cassar@um.edu.mt and the secretary of the Department of Psychiatry, on psychiatry.ms@um.edu.mt before the date of the respective Seminar. In case of sickness, students are to present a detailed certificate within 24hrs from commencement of the Seminar. Blue medical certificates are not accepted. The reason for absence will be considered by the Faculty and recommendations will be made to Senate for consideration.
