ACCOUNTING

AM01

SYLLABUS

Accounting AM01 Syllabus	(Available in September) Paper I (3 hrs) + Paper II (3 hrs)
-------------------------------------	--

Introduction

The syllabus builds on the topics set for the SEC Examination in accounting and seeks to develop the students' financial literacy, presentation and evaluative skills in the broad areas of Financial and Management Accounting.

Candidates are expected to demonstrate a sound knowledge of basic accounting appropriate for an understanding of the areas covered by the syllabus contents.

Candidates are expected to base their answers on local legislation and International Financial Reporting Standards.

The Examination

Two papers of three (3) hours each are set.

Paper 1 examines Financial Accounting and Paper 2 examines Cost and Management Accounting. Each paper carries 50% of the global mark.

Paper 1 shall consist of three sections (100 marks).

- **Section A: COMPULSORY** short answer theoretical questions, which are spread over a number of topics, carrying 3 to a maximum of 4 marks each. Questions might include a simple analysis and evaluation of information from given data. This section carries 22 marks.
- **Section B:** One **COMPULSORY** question involving the preparation of final accounts (including Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Financial Position) from a given trial balance with adjustments of a sole trader **OR** limited liability company for Internal use or for Publication (excluding notes to the financial statements). Final accounts may refer to either a retailer or a manufacturer. This section carries 26 marks.
- **Section C: 4 practical questions to choose 2**, which may include extension questions of a theoretical nature. Each question in this section carries 26 marks. This section carries 52 marks.

Paper 2 shall consist of section A and section B (100 marks).

- **Section A: COMPULSORY** short answer theoretical questions carrying 3 to a maximum of 4 marks each. Questions might include a simple analysis and evaluation of information from given data. This section carries 22 marks.
- **Section B: 5 practical questions to choose 3**, which may include extension questions of a theoretical nature. Each question in this section carries 26 marks. This section carries 78 marks.

Both papers shall include approximately an overall of 30% of the marks as short theoretical questions as follows:

Paper 1: Section A and Section C

Paper 2: Section A and Section B.

Questions of an entirely essay type nature shall **NOT** be set.

Noiseless and non-programmable calculators are permitted. **CANDIDATES ARE ADVISED TO SHOW WORKINGS.**

FINANCIAL ACCOUNTING	<p>Notes for Guidance – PAPER 1 <i>QUESTIONS INVOLVING AMALGAMATIONS, TAKEOVERS OR CONVERSIONS OF ANY FORM OF BUSINESS UNIT ARE NOT EXAMINABLE.</i></p>
Introduction	<p>The role of the Accountant as a financial accountant, a cost and management accountant and an auditor.</p> <p>Conceptual Accounting framework limited to :</p> <ul style="list-style-type: none"> • a basic understanding of the purposes of the Conceptual Framework; • objectives of financial statements; • users of accounting and their information needs; • a basic understanding of the qualitative characteristics of financial statements limited to: Relevance, Materiality and Faithful Presentation . <p>Candidates are required to demonstrate knowledge and understanding of the following accounting concepts: Accruals, Going Concern, Materiality, Prudence, Consistency, Realisation, Cost, Dual Concept, Money Measurement and Business Entity.</p>

Total liabilities			X
Total equity and liabilities			X

APPENDIX II - International Accounting Standards

IAS 1 – Presentation of Financial Statements

- Awareness of the fact that according to IAS 1, a complete set of financial statements comprises the following:
 - Statement of financial position (balance sheet);
 - Statement of comprehensive income (income statement);
 - Statement of changes in equity;
 - Statement of cash flows;
 - Explanatory notes (not examinable).
- The purpose of each statement.
- Refer to Published Accounts (Presentation of Financial Statements) topic in syllabus.

IAS 2 – Accounting for Inventories

- The measurement of inventory at the lower of cost and net realisable value including the ability to calculate NRV.
- The inventory methods accepted by IAS 2 i.e. FIFO and AVCO.

IAS 7 – Statement of Cash Flows

- Refer to Statements of Cash Flow topic in syllabus.

IAS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

- Treatment of:
 - changes in accounting estimates (i.e. change in useful life of a non-current asset, **only**)
 - material errors.
- Accounting policies and any changes therein are **not** examinable.

IAS 16 – Property Plant and Equipment

- The accounting treatment of depreciation
 - Cost Model
 - Revaluation Model
- Refer to Depreciation topic in syllabus.
- Basic understanding and accounting treatment of impairment of **Property, only**.

IAS 36 Impairment

- Accounting treatment of Impairment
- Impairment of Goodwill
- Impairment of Development costs

IAS 37 – Provisions, Contingent Liabilities and Contingent Assets

- Basic understanding of the difference between a provision and a contingent liability and their accounting treatment.

IAS 38 – Intangible Assets

- Research and Development Costs:
 - Basic knowledge of the difference between Research Costs and Development Costs.
 - Accounting treatment of Development Costs (including impairment) and Research Costs.
- Goodwill:
 - Definition of Goodwill.
 - Difference between Purchased and Non-Purchased Goodwill.
 - Accounting treatment of Purchased Goodwill and its impairment.

APPENDIX III - Suggested Accounting Ratios

Gross Profit margin	=	$\frac{\text{Gross Profit}}{\text{Net Sales}}$	x	100
Mark up	=	$\frac{\text{Gross Profit}}{\text{Cost of Sales}}$	x	100
Net Profit margin	=	$\frac{\text{PBIT}}{\text{Net Sales}}$	x	100
Or		$\frac{\text{Net Profit}}{\text{Net Sales}}$	x	100
ROCE	=	$\frac{\text{PBIT}}{\text{Capital Employed}}$		
Utilisation of capital employed	=	$\frac{\text{Net Sales}}{\text{Capital Employed}}$	x	100
Current ratio (Working Capital ratio)	=	$\frac{\text{Current Assets}}{\text{Current Liabilities}}$		
Quick (Acid Test) ratio	=	$\frac{\text{Current Assets} - \text{Inventory}}{\text{Current Liabilities}}$		
Inventory Turnover	=	$\frac{\text{Cost of Sales}}{\text{Average Inventory}}$		
Collection period of receivables	=	$\frac{\text{Trade Receivables}}{\text{Credit Sales}}$	x	365
Payment period of payables	=	$\frac{\text{Trade Payables}}{\text{Credit Purchases*}}$	x	365
Gearing	=	$\frac{\text{Non-Current Liabilities}}{\text{Capital Employed}}$	x	100
Interest Cover	=	$\frac{\text{PBIT}}{\text{Fixed annual charges}}$		
EPS	=	$\frac{\text{Net Profit after tax}}{\text{No of ordinary shares}}$		

*If purchases are not given and cannot be calculated, Cost of Sales may be used.

N.B.

Capital Employed = Issued Ordinary Shares + Reserves + Non-Current Liabilities

Alternative acceptable methods of calculating the above ratios are allowable.
