University Wind Ensemble

The University of Malta Wind Ensemble, under the musical direction of Dr Philip Ciantar, is one of the initiatives of DegreePlus. It was established in 2009 to provide a high quality performing experience to wind and percussion players as well as to produce exciting and dynamic concerts for a wide range of audiences. The Ensemble meets every week for rehearsals and instrumental coaching sessions. Through the Ensemble, students from all University faculties and institutes are given the opportunity to meet and experience an array of musical genres and styles, ranging from arrangements of well-known orchestral pieces to jazz and contemporary music. In addition, students are encouraged to play solo pieces and to produce their own musical compositions and arrangements. The Ensemble has also performed in Italy.

So try something different this year. Be creative: don't hesitate, and enrol with the University Wind Ensemble, or any other DegreePlus unit!

If you are interested in engaging in one of these initiatives, just send us an email on degreeplus@um.edu.mt and we shall be happy to help.

Degree+

The DegreePlus team welcomes you to University and invites you to enrol in some of the units on offer in 2017/18.

DegreePlus is an initiative of the University of Malta which aims to help you add value to your experiences in higher education while studying for your degree. Your University years are a time for personal growth and development, and DegreePlus is tailor-made to provide you with a diverse and exciting range of opportunities to help you broaden your academic and non-academic horizons. The areas covered by DegreePlus include Entrepreneurship, Sport, Culture and Heritage, Languages, Voluntary Work, Music, Creative and Performing Arts and many more. There really is something for everyone! All DegreePlus units have been designed in awareness of student needs and aspirations, and the DegreePlus team is confident that you will find something there to meet your interests and expectations. Apart from this, in collaboration with the Knowledge Transfer Office, we also run a placements programme to help you be better primed for the work environment.

For further information please visit um.edu.mt/degreeplus or pop into our office in Students' House.
