This publication marks the occasion of the 15th Anniversary of the establishment of the University of Malta Gozo Centre.

In his contribution to this booklet, Professor Alfred Vella, Pro-Rector of the University of Malta, says:

"Many would have thought that the Centre would just offer a few evening lectures, with some possibly leading to a certificate or a diploma. In reality the Centre has done much more than this. Many degree courses have been offered in Gozo, including post-graduate ones. The Centre, as its mission obliges it to do, has logistically assisted University Departments in offering these courses in Gozo and has also offered its own short courses."

"The Centre has made a very important contribution to higher education in Gozo. So far, about 300 students have graduated after having followed courses in Gozo, and many more (running into almost a thousand) have followed short courses at the Centre."
