COMMONWEALTH SCHOLARSHIPS IN THE UNITED KINGDOM, 1981

Under the Commonwealth Scholarship and Fellowship Plan various Governments within the Commonwealth are providing fellowships and scholarships, mainly for post-graduate study, tenable in their countries by men and women students from other parts of the Commonwealth. Under the Plan up to a thousand such awards are available, of which about 500 will be tenable in Britain at any one time. In the present competition it is hoped to offer about 200 scholarships for tenure by Commonwealth students from October 1981 at institutions of higher learning in Britain.

The scholarships aim at providing opportunities for Commonwealth students normally resident in other countries to pursue advanced courses or undertake research in Britain. They are intended for persons of high intellectual promise who may be expected to make a significant contribution to life in their own countries on their return from study abroad. They are primarily available for postgraduate study or research or courses at other institutions, e.g. in the fields of adult, social or rural education, of fine art, of architecture, or of industrial design. They may be awarded in special circumstances for courses of undergraduate study.

These scholarships are offered on behalf of the United Kingdom Government by the Commonwealth Scholarship Commission in the United Kingdom. Its secretariat is provided by the Association of Commonwealth Universities (A.C.U.), 36, Gordon Square, London WC1H 0PF which is responsible for all matters concerning selection and academic studies. The British Council, 10, Spring Gardens, London SW1A 2BN is responsible for all matters concerning payment to, and travel reception and other support services for the scholars who are selected.

Qualified doctors and dentists who wish to undertake postgraduate studies in Britain are advised also to consult the prospectus of Commonwealth Medical Awards administered under the Commonwealth Scholarship and Fellowship Plan, which may be obtained from the local Commonwealth Scholarship agency whose address appears at the end of this prospectus.

Candidates for awards in medicine should possess qualifications registrable with the General Medical Council. Those whose native language is not English will be expected to provide evidence that they have the knowledge of English necessary for the practice of medicine in Britain. Such candidates are advised to take the Princeton Test of English as a Foreign Language

(TOEFL). Enquiries to TOEFL, Box 899, Princeton NJ 08541, U.S.A.

It is desirable that candidates who wish to undertake postgraduate study in Business and/or Management should have taken, before applying for a Commonwealth Scholarship, the Graduate Management Admission Test (Princeton Test). Enquiries to: G.M.A.T. Educational Testing Service, Box 966, Princeton, NJ 08540, U.S.A.

Tenure

A scholarship is awarded for a programme of study or research normally leading to a university degree or similar qualification. The letter of award will specify the institution where the award is tenable and the course and period for which it may be held. Each award will be made on the understanding that it will be continued for the period of the programme of study or research for which it is granted, provided that the scholar's progress and conduct are satisfactory.

Normally an award will be tenable for two academic years; but in appropriate circumstances (e.g. a postgraduate scholar whose work for a higher degree proves to require three years) the award may be extended for a third year. An award may, however, be made for one academic year only, e.g. where a one-year course is involved.

A Commonwealth Scholarship may not normally be held concurrently with any other award.

Emoluments

The emoluments are intended to cover expenses of travel, living and study during tenure of the scholarship and will consist of:

- (a) a personal maintenance allowance at the rate of £219 per month;
- (b) student concessionary or other approved air fares to Britain and return on expiry of the scholarship (the cost of journeys made before receipt of awards will not normally be reimbursed, nor can fares be paid for a scholar's dependants);
- (c) approved tuition and examination fees;
- (d) a grant for books and apparatus of £99 during the first year of study, and of £61 for each complete year of study thereafter; and a grant of up to £100 towards the cost of typing and binding one thesis, where applicable;
- (e) a grant for expenses of approved study travel within Britain of up to £40 a year;
- (f) an initial clothing grant of £114 for such scholars coming from tropical countries as are recommended to receive it;

- (g) For married scholars a marriage allowance of £110 per month is payable provided that the husband and wife are residing together at the same address in Britain. It is not paid when the husband or wife of the scholar is also in receipt of an award, or is in full time employment. For married couples accompanied by their children, a child allowance is payable at the rate of £14, £11, and £9 per month respectively for the first, second and third child under the age of 16, and provided they are residing with their parents. For a scholar who is a widower/widow or divorced and is legally responsible for the children of the marriage, a child allowance will be payable provided they accompany and reside with him/her.

Note: The rates shown applied from September 1979 and may be increased from September 1980.

These emoluments are not subject to United Kingdom income tax.

Eligibility

Candidates must normally be Commonwealth citizens or British protected persons who are or, by the time of taking up an award in 1981, will be graduates of a university or college in their country or holders of an equivalent qualification. Applications will also be considered from such persons without a degree or similar qualification who wish to take a first course of study in Britain, provided they are normally resident in a country where no university or college offers courses in the subjects of their choice. The scholarships are open only to persons who are normally resident in countries of the Commonwealth other than the United Kingdom. Applications will not be considered unless they are made through the appropriate agency (as named below) in the country of a candidate's normal residence.

Age Limits

Scholarships are open to both men and women who will not have reached their 35th birthday by 1 October, 1981, but preference will be given to candidates who are between 22 and 28 years of age. In exceptional circumstances applications may be accepted from candidates over 35 years of age.

Placing in University or College

In their applications candidates may indicate their own preference for particular places of study, but the Commission may decide to offer awards tenable elsewhere than at institutions named by candidates. In view of the special pres-

ures on Cambridge, London and Oxford **not more than one of these universities may be named by candidates among their preferences.** After seeking advice from eminent academic assessors in Britain the Commission will find suitable places for successful candidates, and the Scholarship will not be available at any institution or for any course other than those named in the award. If, after signing the application form and before the offer of a scholarship, candidates make an independent approach to or receive the offer of a place from a United Kingdom university or college, they should inform the nominating agency in their countries immediately; otherwise serious difficulties may arise with the United Kingdom university institutions. In any event, the Commission cannot undertake to make Commonwealth Scholarships available for places which candidates themselves obtain. The Commission may advise a scholar to undertake a further undergraduate course rather than post-graduate study.

Conditions affecting residence and employment

The holder of a Commonwealth Scholarship will be expected to reside in Britain throughout the period of tenure, and to give prior notification of any proposed visits abroad. A short period, according to the length of tenure, may be spent abroad on vacation; no other absence abroad is normally permitted. Scholars may not, without consent previously given in writing on behalf of the Commission, undertake paid employment during their tenure nor serve on the official staff of their country's representative in the United Kingdom. Scholars must sign an undertaking that they will return to their own countries at the end of the tenure of their scholarships.

Language qualification

Candidates whose native language is not English will be required to satisfy the appropriate agency that they have sufficient competence in English to profit by a course of study in Britain.

Health

Candidates who are offered an award by the United Kingdom Commission are required to submit a medical certificate regarding their state of health before the award can be confirmed.

Entry certificates

In order to facilitate entry into the United Kingdom, candidates selected for an award are recommended to apply to the nearest British High Commission, or other British Government Office for an Entry Certificate (for themselves and for any dependants who accompany or follow them), as long as possible before departure.

General informaton

Official information about United Kingdom universities and technical institutions and about courses of study available at them is set out in their current calendars and handbooks. The following are the best general works of reference (copies are usually available for reference at universities and large public libraries):—

"Postgraduate Study at Universities in Britain", free from A.C.U., 36, Gordon Square, London WC1H 0PF. An appendix lists 40 guides to facilities in particular subject areas.

"Higher Education in the United Kingdom". A Handbook for Students from Overseas and their Advisers" (Longman Group Ltd for A.C.U. and British Council; latest edition 1980).

"Commonwealth Universities Yearbook" (A.C.U.; published annually).
"Research in British Universities, Polytechnics and Colleges" (Vol. 1: Physical; Vol. 2: Biological; Vol. 3: Social Sciences).

Travel

Scholars' passages to Britain are arranged in consultation with the British Council. Applicants must not book passages without consulting the British Council.

Nominations

Nominations will not normally be made in respect of candidates who have been on scholar-

ship at any time during the three years previous to the commencement of the scholarship.

Short List

A short list of applications will be prepared by the local Commonwealth Scholarship Committee and only candidates appearing on the short list will be requested to attend for interview.

Obligations

Nominated candidates will be required to sign an undertaking to return to Malta on completion of studies and to be available to serve the Government of Malta or the private sector. Further details on this matter may be obtained from the Personnel Section, Room 25, Department of Education, Lascaris, Valletta.

Method of Application

Applications should be made on the appropriate forms obtainable from the Department of Education, Personnel Section, Room 25, Lascaris, Valletta, or from the Office of the Education Officer, Victoria, Gozo. These applications should reach the Department of Education, Personnel Section, Room 25, Lascaris, Valletta, by not later than Friday, 29th August, 1980.

Applications from Government and parastatal employees will not be considered unless recommended by their Head.

Late applications will not be considered.
