## The Band

d-ART Inc. is a relative newcomer to the local music and theatre scene. Following their successful interpretation in MADC's production of Alan Menken and Howard Ashmans's musical "**The Little Shop of Horrors**" which was staged at the University Assembly Hall last May 1990, they have now been entrusted with the music of this year's pantomime "**Little Red Riding Hood**".

All the musicians of d-ART Inc. have been members of well known bands over the past ten years or so. Groups like Avatar, Mirage, Fog Friends and Band Horns, Structure, Artwork and Kampus are amongst the few worth mentioning.

In preparation for what is being seen as a busy 1991, d-ART Inc. are working on expanding their already vast repertoire. However they are also aiming to complete their studio so as to be further equipped for professional studio work.
