*A relatively young orchestra, The School of Music Chamber Orchestra has endeavored to keep the right standards and appreciation for classical music.*

*Formed in 1994, it comprises young high level musicians, students and ex-students of the Johann Strauss School of Music, which is located in Valletta. This young orchestra has already covered a lot of mileage in terms of performances. It has played various concerts both in the School as well as in various venues and its levelheaded attitude has drawn unanimous critical acclaim. The School of Music Chamber Orchestra has already been invited to make concert trips to the USA and Germany.*

*"The School of Music Chamber Orchestra is quickly developing into a major chamber music attraction throughout the Maltese Islands"*
