Mr. Godfrey Muscat
 Principal
 Malta University
 Junior College

18th March, 2007

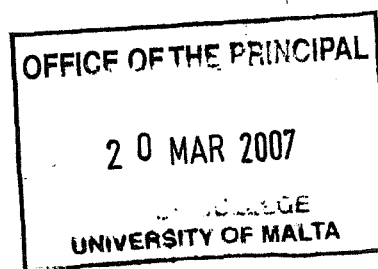

May I express my thanks for your invitation to attend yesterdays soiree, 'Dream Catchers'. It was a really enjoyable evening, and a performance that presented various talents, which in my view were of a very good standard and quite a few achieved excellence too. It was a delight watching three hundred youngsters that inspite of constraints, succeeded wonderfully to work hard as a team and put up this production.

I cannot help pointing out the well balanced orchestra and band that produced very good pieces under the able hands of their director, to whom I owe my heartfelt appreciation. The choir and the singers and their director, who made their presence highly felt, practically throughout the show with a magnificent rendering, blending so well with the orchestra. The actors, the back stage crew and all other students who had a finger in the pie, who made such a huge effort for this production to be a success.

I congratulate you and of course those members of the staff who spent hours and hours to manage so well such a great number of very lively and talented students in order to put up last nights show.

A big well done to all.

Emmanuel Chetcuti
 Member on the College Board
