Junior College Soiree

2007

dream catchers

Always the better value

A synopsis

A group of JC students set off in search for their dreams – the idea that once they start working life is going to be so much better is put to the test!

With the help of OH Zee they find out that the values and education they are receiving now are rather essential for them to get on in life.

OH Zee takes them to 5 different worlds and puts them to the test!

This year's soiree is an exhibition of great talent by Junior College students that will be presented as a whole production linked by a storyline that can be understood by all...
