Open Access in Practice: Dissemination, Visibility, Usage & Impact of Scholarly Research

Feedback - Breakout Session

The role of the UM Open Access Policy & OAR@UM in Promoting Scholarly Communication

- Visibility for Researcher
- Visibility for the UM
- Sharing of experiences
- Legacy / Preservation
- Healthy competition
- Funding

- OA related costs / APCs
- Time constraints
- Copyright restrictions
- Embargo periods
- Lack of IT skills
- Lack of awareness

Conclusions:

- UM should provide financial support to cover Article Processing Charges (APCs) for academics who opt to publish in Gold OA
- UM should recognise academics who publish in OA and/or deposit their research publications in OAR@UM
- UM should provide additional HR to support academics with the uploading of their research output
