

# NEW WEBSITE FOR THE INTERNATIONAL INSTITUTE FOR BAROQUE STUDIES

The International Institute for Baroque Studies has launched its new website on the University of Malta portal.

The new website, which can be accessed at [www.um.edu.mt/iibs](http://www.um.edu.mt/iibs) contains detailed information about the Institute aims and objectives, its members of staff as well as an overview of its past and on-going projects, programmes and courses.

The website also contains information on the seminars, study tours, research, consultancies undertaken by the Institute as well as information on the publications, dissertations, and long essays produced by the students who attended the IIBS courses.

Visitors to the website can now also download the various issues of the Baroque Routes Newsletter in PDF format directly from the site.

The new website also offers detailed information on the various postgraduate and undergraduate courses offered by the Institute and provides facilities for online applications.
