We are improving our services for YOU!

The UM Library is pleased to announce the launch of the new interface of OAR@UM.

In addition to all current features and functionality, the upgraded interface brings about:

- improved compatibility with the new UM website
- advanced navigability
- enhanced bibliographic description of the deposited publications thanks to new metadata elements
- new functionality, including 'Discover peer-reviewed content' which will allow users to easily navigate through UM scholarly publications of high quality

The screenshot shows the OAR@UM homepage. At the top, there is a navigation bar with links for Home, Browse, Help, and a search bar. A red banner at the top features a quote from Prof. Godfrey Baldacchino: "I profess Open Access because, frankly, that approach guarantees maximum exposure and therefore maximum impact of my work." Below the banner is a portrait of Prof. Godfrey Baldacchino. The main content area has a red header with the text "Open Science...a gateway to the scholarly universe" and the OAR@UM logo. The rest of the page contains sections for "Communities in OAR@UM" and "Discover Peer-Reviewed Content".

Communities in OAR@UM
