2014

Panavia Tornado F3 ADV

[Gouache]

ERIKA CHIRCOP

Drawing has been a life-long hobby for Erika. She attended the Foundation year at the School of Art in Valletta, and participated in a few art workshops, but she is mostly self-taught. She started out using only pencil, but by time she moved on to other media too, such as charcoal, pastels, watercolours and acrylics. However, pencil remains one of her favourite media. Erika enjoys painting various subjects, but her two favourites are portraits and aviation art.
