Books****450
Editorials****828
Reports****66
Images****11,072
Other****80 Full text journals****As of 31/10/2020***Have you heard about Zenodo?**

Zenodo is a so-called orphan repository, an Open Access digital archive which serves to accommodate research papers, data sets, research software, and reports produced by researchers anywhere in Europe.

What can Zenodo do for you?

Zenodo is open to all researchers and each submission is assigned a persistent identifier DOI, making the items easily retrievable. You can use Zenodo to preserve your data sets and related materials and make them freely available to all interested parties.

Have a look at Zenodo [here](#).

**OAR@UM group workshops organised by the
UM Library Open Science Department:**

Thursday, 10th December- 11:00-12:00hrs
