Have you heard about Open Research Europe?

[Open Research Europe](#) is an Open Access publishing platform for the publication of research stemming from Horizon 2020 funding across all subject areas.

The platform makes it easy for Horizon 2020 beneficiaries to comply with the open access terms of their funding and offers researchers a publishing venue to share their results and insights rapidly and facilitate open, constructive research discussion.

Open Research Europe benefits for Researchers:

- No author fees (no Article Processing Charges), no administrative burden and automatic compliance with Open Access requirements.
- Submissions are published rapidly as preprints after a set of thorough prepublication checks.
- Transparent peer-reviewing: authors suggest appropriate reviewers and engage in an open and public dialogue with their peers.

OAR@UM group workshops organised by the UM Library Open Science Department:

Tuesday, 18th May - 14:00-15:00hrs
