

# Hand Obliterator – Malta – Maritime Mail – Dated 02.10.06 on Raphael Tuck & Sons – Maltese milkman Oilette post-card.

by Dr A. Bonnici KM, MD

The oilette – Maltese Lady – published in PSM Journal Vol. 31/1, April 2002 issue – generated considerable interest, but no new comments for or against? Malta Maritime postal connection have been put forward.

However our U.K. member **Michael Lewis** very kindly sent me another oilette – “A Maltese Milkman,” sent to the same address on the same date to France – having identical markings.

Thanks go to Mr M. Lewis for sending me his item. Your observations and comments would be very much appreciated.

A MALTESE MILKMAN.
