Libya’s last chance

Richard Gallust

Richard Gallust is a senior analyst.

Revelations that the UN’s Libya envoy, Bernardino Leon, lived up to the United Arab Emirates’ kickback by supporting rebels at the international peace process.

The UAE, along with Egypt and Jordan, is one of the most powerful countries in the region, and it is clear that the UAE is trying to influence the peace process in Libya.

The UAE has been involved in the Libyan conflict for several years, and it has been accused of supporting Libyan government forces. However, it is not clear how much influence the UAE actually has in the current political situation in Libya.

That constitution should be grabbed with both hands. It offers Libyans the chance to reorganize with representative government.

Ryan Scicluna is librarian at the University of Malta.

Should information be free? This is the current hot topic in the world of academia.

The use of OA is becoming widespread as it has been adopted by many institutions and journals.

The Open Access (OA) movement has been gaining momentum over the past few years. The European Science Foundation, for example, has led initiatives to promote OA in Europe.

The OA movement has also been gaining momentum in other parts of the world. For example, the Open Access journal PLoS ONE has been successful in promoting OA.

Several countries are taking steps to promote OA, including the Netherlands, which has set aside funds for OA initiatives.

Open access and academic research

Several countries are taking steps to promote OA, including the Netherlands, which has set aside funds for OA initiatives. OA is becoming an increasingly important issue in the world of academia.

Governments and institutions around the world are increasingly supporting OA, and the movement is gaining momentum.

Open access is becoming an increasingly important issue in the world of academia. Several countries are taking steps to promote OA, including the Netherlands, which has set aside funds for OA initiatives.
