

Joining a Zoom meeting from a link or meeting ID

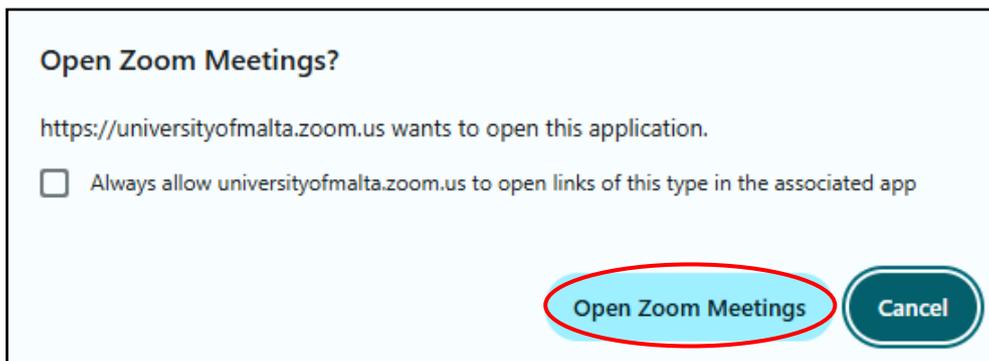

A. Joining a Zoom meeting from a link

This user guide assumes that you have received a communication from the meeting host containing a link to a Zoom meeting.

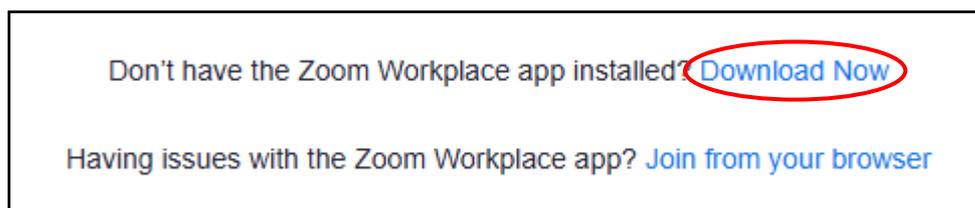

1. If you received an invitation from an email message, click the **Join Zoom Meeting** URL in the invitation email to enter the meeting.

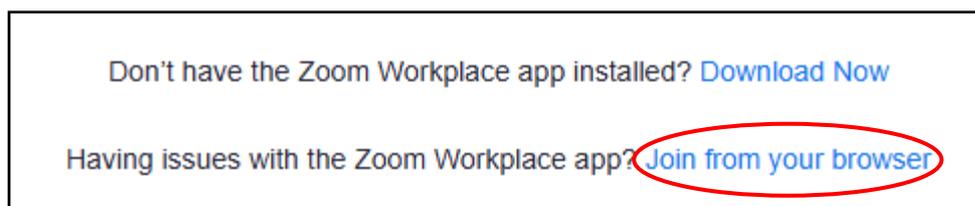

2. Clicking on **Open Zoom Meetings** will launch the Zoom client installed on your device.

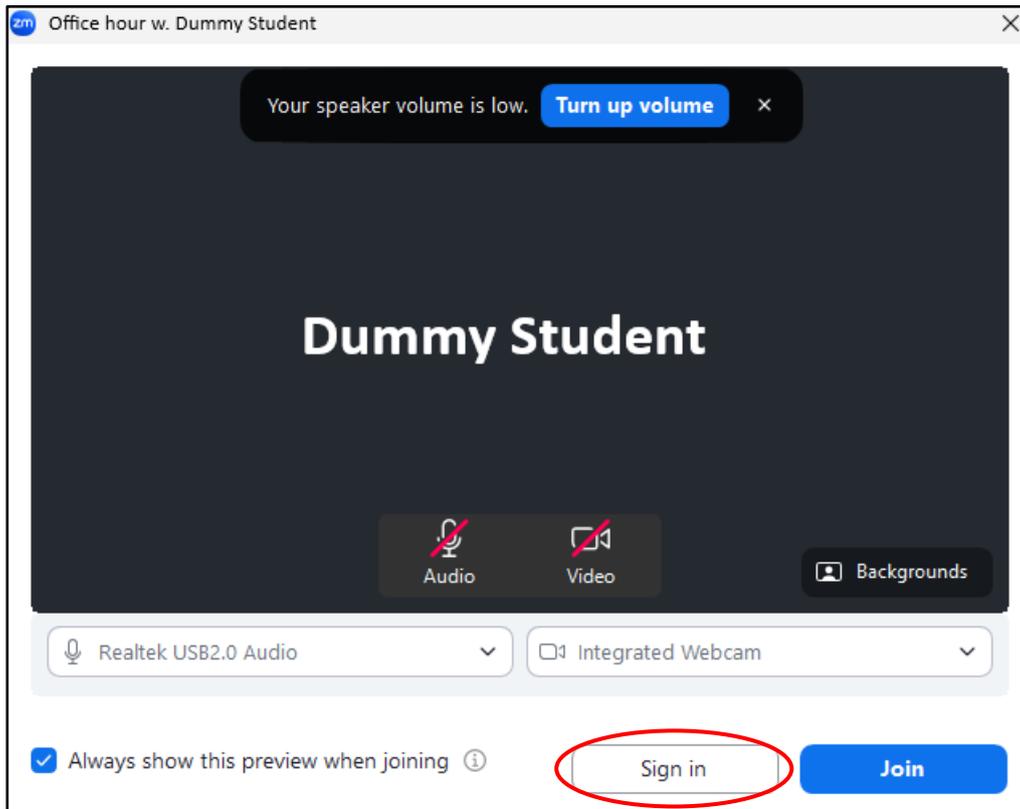

If you don't have the Zoom client installed on your device, click **Download Now**.

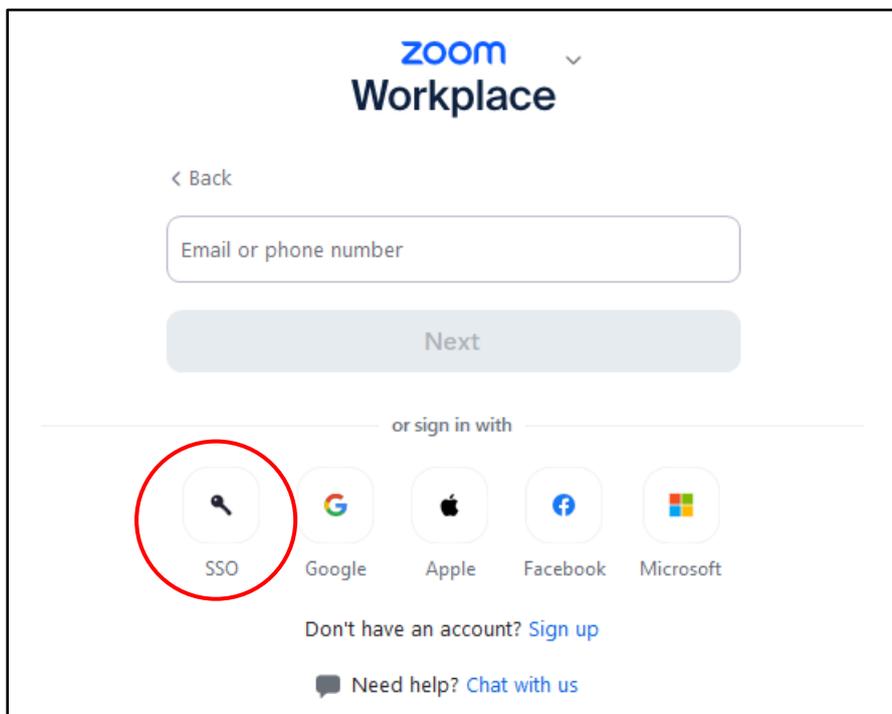

If you cannot download or run the application you can join the Zoom meeting directly from your browser.

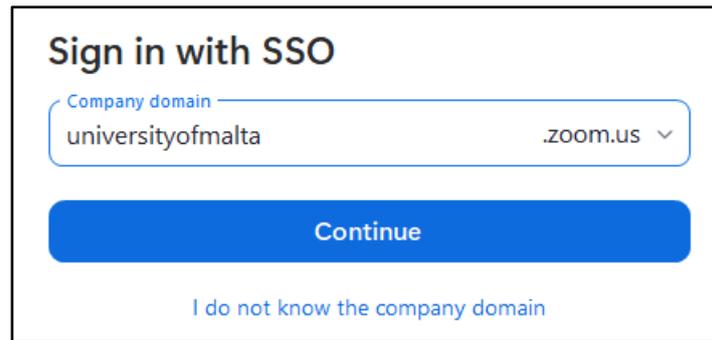

3. If you are using the Zoom client and get the message shown below, it means that you are either not signed in with your **UM account** or the meeting's host needs to admit you to the Zoom meeting manually. Click on **Sign in**.

4. Click on **SSO**.

- If this is your first time using Zoom, enter the text **universityofmalta** for the *Company domain* field, and click **Continue**.

B. Joining a Zoom meeting with a meeting ID

Alternatively, if you were provided with the Zoom meeting ID, you can click on the **Join** button from the Zoom App which is installed on your device.

Enter the **meeting ID** and **Your Name** and click the **Join** button.
