Marking Scheme Update

**Date:** 8 May 2025

---

Kindly note the following in relation to Question 6 (K-9) in the Controlled assessment of SEC 37 Engineering Technology Unit 2 Marking Scheme:

**Question 6a (i) – MQF1**

The expected answer for the identification of the electronic symbol presented in image (i) should be modified to read: Battery, **or Cell**.

**Question 6c (i) – MQF3**

The answer in the original Marking Scheme was mistakenly reversed. The correct expected answer should read as follows:

- i. Resistor  
Packaging 1 – **Axial**  
Packaging 2 – **Radial**.

Please bring the above to the attention of the respective teachers and internal verifiers.
