Heads of School

**Subject:** Training for educators teaching Computing at Matriculation level

**Date:** 30 April 2025

---

The syllabus for Advanced and Intermediate (AM and IM) Computing has been revised and will be assessed for the first time in the First Session of 2027. One of the key updates in this revision is the adoption of Python as the designated programming language.

In light of this change, MATSEC, in collaboration with the Faculty of ICT, will be hosting a two-day training course for teachers delivering Advanced and Intermediate Computing at post-secondary institutions. The course will cover the fundamental aspects of Python outlined in the syllabus and will take place in person at the Faculty of ICT on the 1st and 3rd of July from 9:00 AM to 12:00 PM. Participants are required to bring their own laptops.

Educators interested in attending are invited to register by completing the Google Form linked below.

<https://docs.google.com/forms/d/18iyuSjahwH39MjkEU-V-dpY3TKlvzqe9lxyY4hCSznA/edit>

Further details will be provided closer to the date of the course.
