Introduction

This syllabus is based on the curriculum principles outlined in *The National Curriculum Framework for All* (NCF) which was translated into law in 2012 and designed using the *Learning Outcomes Framework* that identify what students should know and be able to achieve by the end of their compulsory education.

As a learning outcomes-based syllabus, it addresses the holistic development of all learners and advocates a quality education for all as part of a coherent strategy for lifelong learning. It ensures that all children can obtain the necessary skills and attitudes to be future active citizens and to succeed at work and in society irrespective of socio-economic, cultural, racial, ethnic, religious, gender and sexual status. This syllabus provides equitable opportunities for all learners to achieve educational outcomes at the end of their schooling which will enable them to participate in lifelong and adult learning, reduce the high incidence of early school leaving and ensure that all learners attain key twenty-first century competences.

This programme also embeds learning outcomes related to cross-curricular themes, namely digital literacy; diversity; entrepreneurship creativity and innovation; sustainable development; learning to learn and cooperative learning and literacy. In this way students will be fully equipped with the skills, knowledge, attitudes and values needed to further learning, work, life and citizenship.

What is the subject? Give a general definition.

The study of languages enriches the mind and provides opportunities and challenges of the rapidly changing world. The **Italian** syllabus covers and gives equal importance to the four main language skills namely listening, speaking, reading and writing. The main focus lies on the development of communicative language competences and communicative strategies.

Italian is one of those languages which is spoken all around the world. It is considered as one of the major languages for international communication. Therefore, the study of the Italian language opens doors for the international job market.

What does a study of the subject entail?

This subject is based on eight learning outcomes. All outcomes are distributed amongst the four skills, each having a number of criteria covering level 1, 2 and 3. Each scholastic year shall cover various criteria from all levels. SEC Italian as a foreign language entails the development of the ability to communicate in both speaking and writing. It also requires that learners develop the skill to listen to and understand spoken Italian and to read and understand different text types.

All tasks including texts and other resources are based on familiar topics as indicated in the list of themes as shown in Appendix 4. They include language that is regularly encountered in learners' immediate environments as well as in situations that are likely to be encountered in areas where the target language is spoken.

How is the subject related to candidates' lives, to Malta, and/or to the world?

The teaching and learning of Italian as a foreign language is "necessary in light of the political, geographical and historical context of the Maltese Islands and the EU's emphasis on language learning and multilingualism." (NCF p. 52).

Foreign language study entails learning how to truly communicate and connect with others. The study of a foreign language gives the individual a true opportunity of finding a job in Malta and abroad. It provides broader access to education and information.

Learning a foreign language means that the individual apart from learning the linguistic component, will be also exposed to new cultures. It gives the opportunity to meet new and interesting people and developing lifelong friendships.

The aspirational programme learning outcomes for this subject are:

At the end of the programme, I can:

1. develop the ability to use the language effectively for purposes of practical communication: this entails the development of the four basic skills and of a sound linguistic competence;
2. develop the ability to use learning strategies (learning how to learn) and to evaluate one's own learning: this entails fostering positive attitudes towards study, work and leisure;
3. offer insights into culture and civilisation in order to develop linguistic competencies and to foster respect for others;
4. contribute to the cognitive and affective development of the individual and enhance self-esteem;
5. provide enjoyment and develop interest towards Italian while stimulating one's intellectual abilities.

List of Learning Outcomes

At the end of the programme, I can:

- LO 1. talk about a familiar subject provided I can prepare beforehand.
- LO 2. express personal opinions and exchange information on familiar subjects and matters related to everyday life.

Programme Level Descriptors

This syllabus sets out the content and assessment arrangements for the award of Secondary Education Certificate in **ITALIAN** at Level 1, 2 or 3. First teaching of this programme begins in September 2022. First award certificates will be issued in 2025.

The following refers to the qualification levels that can be obtained by candidates sitting for SEC examinations. These are generic statements that describe the depth and complexity of each level of study required to achieve an award at Level 1, 2 or 3 in Italian. (Level 1 being the lowest and level 3 the highest).

Level 1

At the end of the programme the candidate will have obtained basic knowledge, skills and competences in the subject such as basic repetitive communication skills and the ability to follow basic, simple instructions to complete tasks. Support is embedded within the task.

Level 2

At the end of the programme the candidate will have obtained good knowledge, skills and competence in the subject such as the interpretation of given information and ideas. The candidate will have developed the ability to carry out complex tasks. Limited support may be embedded within the task.

Level 3

At the end of the programme the candidate will autonomously apply knowledge and skills to a variety of complex tasks. Candidates will utilise critical thinking skills to analyse, evaluate and reflect upon their own work and that of others. Problem solving tasks may be part of the assessment process.

Scheme of Assessment

School candidates

The assessment consists of Paper I and Paper 2. Paper I consists of unmoderated school-based assessment (SBA) that is to be set and assessed by the school. Paper II consists of a controlled assessment that will take place at the end of the three-year programme.

School-based assessment (SBA): is any type of assessment of a candidate made by the school relevant to the respective SEC syllabus contributing to the final level awarded in the subject.

Controlled assessment: is comprised of a two-hour written exam and a 5-7-minute oral examination, plus 5 minutes preparation time, set at the end of the programme and differentiated between two tiers:

- a. Levels 1 and 2;
- b. Levels 2 and 3.

Candidates are to satisfy the examiner in Paper I and Paper II to obtain a level higher than 1.

Paper I - School Based Assessment: (30% of the total marks)

The school-based assessment shall be marked out of 100 each year (9, 10 and 11). The assessment for each year will contribute to 10% of the overall mark and will be reported to MATSEC by the school in Year 11. Therefore, each year will equally contribute to the final mark of the school-based assessment. The school-based assessment shall reflect the MATSEC syllabus covered in Year 9, Year 10 and Year 11.

School-based assessment can be pegged at either of two categories:

- SBA at categories 1-2 must identify assessment criteria from these two levels. It is suggested that ACs are weighted at a ratio of 40% at Level 1 and 60% at Level 2.
- SBA at categories 1-2-3 must identify assessment criteria from each of Levels 1, 2, and 3. It is suggested that ACs are weighted at a ratio of 30% at each of Levels 1 and 2, and 40% at Level 3.

The mark for SBA at level categories 1-2 presented for a qualification at level categories 2-3 will be calculated to 60% of the original mark. The mark stands in all other cases.

Paper II - Controlled Assessment (70% of the total mark)

Written Examination (100 marks; 2 hours)

Controlled Assessment will:

- cover all learning outcomes including all learning outcomes which are not indicated to be covered through SBA;
- be marked out of 100.

Candidates may be eligible for a Level 3 only if they meet the criteria in the writing section of Paper II.

Details about the controlled assessment can be found in the Appendix.

Private Candidates

Private candidates will not be expected to carry out any school-based assessment as school candidates. Instead, private candidates need to sit for another Controlled paper as an alternative to the school-based assessment. Private candidates will be assessed through the means of **TWO** Controlled papers, one of which is common with school candidates.

Paper I – Controlled Assessment - Private Candidates Only (30% of the total mark)

Written Examination (60 marks; 1 hour written)

Paper I for private candidates shall be a controlled assessment assessing levels 1, 2 and 3 as described in the respective syllabus and set and marked by MATSEC. It shall mainly focus on the learning outcomes marked in the respective syllabi as suggested for school-based assessment.

Learning outcomes with assessment criteria in the psychomotor domain can be assessed by asking questions in pen-and-paper format seeking understanding of the activity.

It is comprised of a written paper of a maximum duration of two-hours assessing levels 1, 2 and 3.

Controlled Assessment will:

- be marked out of 45.

Paper II is common with school candidates.
