

Bachelor of Science (Honours) in Medical Sciences

Year (This/these unit/s start/s in Semester 1 and continue/s in Semester 2)

Compulsory Units (All students **must** register for this/these unit/s)

<u>MDS3107</u>	Dissertation	26 ECTS	(NC)
<u>PHB3502</u>	Advances in Medical Research Skills Seminars	6 ECTS	(NC)

Semester 1

Compulsory Units (All students **must** register for this/these unit/s)

<u>LIN1063</u>	Academic Reading and Writing in English	2 ECTS	(NC)
<u>MDS3108</u>	Data Analysis and Statistics in Biomedical Sciences	6 ECTS	(NC)
<u>MMB3001</u>	Theoretical Backgrounds to Biomedical Research	4 ECTS	(NC)
<u>MMB3003</u>	Methods of Biomedical Analysis	8 ECTS	(NC)

Semester 2

Compulsory Units (All students **must** register for this/these unit/s)

<u>CHE1810</u>	Research and Communication Skills	4 ECTS	(NC)
<u>MMB3002</u>	Introduction to Bioinformatics	4 ECTS	(NC)

Requirement for successful completion of Year III: 60 credits. Requirement for successful completion of Bachelor of Science (Honours) in Medical Sciences: 180 credits.

This programme of study is governed by the Doctor of Medicine and Surgery [Degree Course Regulations](#), 2013 under the auspices of the Faculty of Medicine and Surgery.
