5 PROCEDURE

5.1 The Head of the Periodicals Department sends an email to MUHC and requests a quotation for a number of copies of the journal issue being published.

5.2 When the quotation is received, it is passed on to the Director's Assistant. A requisition is raised by the Director's Assistant through AIMS, which is then approved by the Director of Library Services.

5.3 The quotation is then passed on to the Procurement Office for approval.

5.4 Once the quotation is approved and the issues are printed, a Library Support Officer collects the issues from MUHC.

5.5 The issues are then prepared to be sent to foreign universities and institutions. This is done on a cooperative and cordial agreement with other universities and institutions whereby the UM Library sends them UM publications and in return foreign universities and institutions send their publications to the UM Library.

5.6 Library Support Officer delivers the issues of the journals in sealed envelopes to the Marketing, Communications & Alumni Office to be sent via registered mail.

5.7 Usually the publications received are journal issues or books.

SOP NUMBER XLI-OP-014-01	SOP TITLE EXCHANGES OF UM PUBLICATIONS
------------------------------------	--

5.8 If books are received in return, they are forwarded to the Acquisitions Department for processing.

5.9 If journals are received, they are recorded on the LMS and made available for students to browse.

5.10 MUHC sends the invoice directly to the Finance Department.
